

ECOLINE®
RS 240

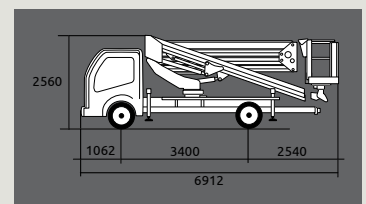

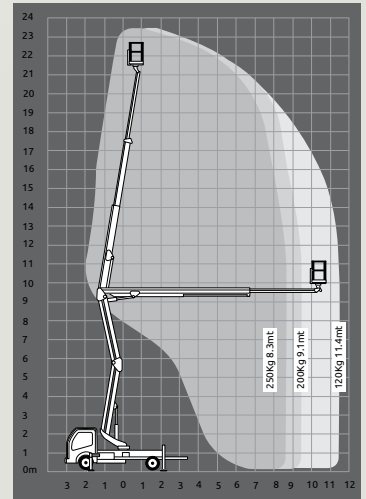

ECOLINE® RS 240

FEATURES

- Designed for 3.5t chassis
- Roof overhangs and other obstacles pose no problem thanks to the articulated boom
- Ideal for wide variety of applications - a major benefit, especially for equipment rental companies
- Space-saving feature: can be raised/lowered parallel to the ground at the touch of a button
- EASY-Stabilising System as an optional extra simplifies positioning at the job site
- Multi-chassis compatible

The ECOLINE RS 240 features an impressive 24m working height. In the low-budget category, this articulated boom lift is perfect for many different types of tasks. Since its debut in the spring of 2017, it has become immensely popular and is in use all over Europe.

working height **23.6m**
 maximum outreach **11.3m**
 platform capacity **250kg**
